

- PacWest Machinery hires Brian Burke as Branch Manager for Western Washington

SEATTLE (June 22, 2017) – PacWest Machinery today announced that Brian Burke has joined the company as Branch Manager at its Kent, Washington location with responsibility for the company's business in Western Washington. "We are very pleased that Brian has become an important member of the PacWest management team," said Jolene Logue, president of PacWest Machinery. "His many years of sales and general management experience will greatly benefit our customers, employees and suppliers."

Mr. Burke has enjoyed a successful career in the construction and related equipment businesses, including leadership positions at Volvo Construction Equipment, Ingersoll-Rand and Atlas Copco. His many leadership assignments included exposure to an extensive range of construction segments including civil, road, mining and aggregate processing, among others.

"This is a great time to join PacWest Machinery," Mr. Burke said. "The company represents an excellent line-up of leading manufacturers and operates in a growth region of the United States. In addition, the entire PacWest organization is intently focused on delivering outstanding service to its growing base of customers." A native of the state of New Jersey, Mr. Burke holds a bachelor's degree in business from the University of Texas, Arlington.

PacWest Machinery is the newest Volvo Construction Equipment dealer in North America with responsibility for the sales, rental and aftermarket support for the full line of Volvo's general production equipment, road machinery and compact equipment. The company also sells and services machinery from Metso, Roadtec, GOMACO, Tymco, SDLG, Etnyre, FRD Furukawa and Genesis. PacWest Machinery provides equipment and services to customers from four facilities located in Kent and Spokane, Washington, and in Portland and Eugene, Oregon, plus additional support from an extensive mobile service fleet.
