

QUICK SPECS

Weight	2,348 lbs
Horsepower	10.3 HP
Max Dig Depth	5'4"

Excellent performance in a small package.

YANMAR's SV08-1D, our 1-ton class mini excavator, is powered by a 10.3 HP Tier 4 Final engine. It is our smallest ultra-tight tail mini excavator best for use in indoor renovation, pipe-laying, landscaping and other challenging hard-to-reach spaces. It comes with YANMAR's unique adjustable width tracks and foldable blade allowing you to navigate through tight gaps as narrow as 2ft 3in. Plus, the eco-friendly, ultra-low noise engine is ideal for work in residential areas.

INNOVATIVE FEATURES

Adjustable Width Tracks To Maneuver Almost Anywhere

The track width of the SV08-1D narrows to 2ft-3in (680 mm) to fit through narrow passages, and expands to 2ft-9in (840 mm) for stability while working. In addition, the super compact body features an ultra-tight turning radius of 2ft-5in (725 mm), and keeps rear overhang to just 1 ft. (305 mm).

Easy Accessibility For Routine Maintenance

The engine is conveniently located right under the operator's seat. Simply lift and fold the seat back for quick, easy access to all major components. Routine maintenance is always a breeze.

Foldable ROPS

The durable, foldable ROPS system helps protect the operator from injury and folds down to allow passage through spaces as tight as a standard doorway.
